  - Meeting with Planning Board and Board of Selectmen
  - Other public meeting?
6. Lake Winnepesaukee Association Grant
  - From Pat Tarpey:

LWA is planning to submit a grant proposal to the NHDES Watershed Assistance Grants program for development of a watershed management plan for Moultonborough Bay.

I have been in communication with the town of Tuftonboro over the past couple of years, and they are very much in favor of having a plan done. As Moultonborough Bay subwatershed lies within both Moultonborough and Tuftonboro, it would be important to have your support and involvement in this project.

7. Adjourn

Next meeting November 7, 2016
